

Fast Facts

Chocolate wasn't always solid, or sweet

Next →

Until 1847, chocolate was a delicacy enjoyed in bitter liquid form. The British chocolate company Fry and Sons introduced the concept of “eating chocolate” after combining cocoa butter, sugar, and chocolate liquor. This concoction was more grainy than smooth but was still enjoyed by many.

Know more about the history of Chocolates.

The history of chocolate began in Mesoamerica. Fermented beverages made from chocolate date back to at least 1900 BC to 1500 BC. Originally prepared only as a drink, chocolate was served as a bitter liquid, mixed with spices or corn puree.
