

NEW YEAR 2026

Engineering habits we will follow this year

Engineering habits we're leaving in last year

- ✗ “Let’s adjust it on site”
- ✗ “This will work... probably”
- ✗ “Last-minute redesigns”

REDESIGNING

The background of the bottom half of the slide features a word cloud with terms such as 'FUTURE', 'DEFINITION', 'MANAGERS', 'DECISION', 'BUSINESS', 'PRODUCTION', 'STRATEGY', 'MAINTENANCE', 'FACTORY', 'EFFECTIVE', 'MARKETING', 'MANAGEMENT', 'MOD', 'FACTORY', 'DESIGNING', 'INPUT', 'BUSINESS', 'RISK', 'URE', 'STEM', 'SYSTEMS', 'CONTR', and 'DEVELOPMENT'. A large, red, torn-paper-like graphic is positioned behind the word 'REDESIGNING'.

Engineering habits we're following this year

- ✓ Plan once, execute first-time right
- ✓ Hygiene & safety built into design
- ✓ Clear drawings. Clear decisions.
