

FROZEN DUMPLINGS

DUMPLING
DUMPLING
DUMPLING

Frozen dumplings are a type of food product that typically consists of a thin wrapper made from dough, which is filled with various ingredients such as meat, vegetables, or seafood. The filled dumplings are then frozen for preservation and convenience and can be cooked by boiling, steaming, or frying before serving.

Frozen dumplings are a popular food item in many cultures and are commonly found in the frozen food section of grocery stores. They are often consumed as a snack or as a meal and can be enjoyed on their own or with dipping sauces.

Market Scope

The global frozen dumplings market was valued at USD 7.67 billion in 2020, and is expected to reach USD 11.68 billion by 2026, growing at a CAGR of 7.3% during the forecast period of 2021-2026.

Market is highly competitive, with several major players such as Ajinomoto Co., Inc., Sanquan Food Co., Ltd., and Nestle SA.
